

Four Zone / Eight Zone CONVENTIONAL WATER LEAK DETECTION SYSTEM Product Guide

Safeguard your organization

with a reliable and proven water leak detection system

Briotronix offers an effective environment monitoring solutions for problems related to water leak in server, hub rooms and office spaces.

The compact device with its intelligent sensor cables monitor, detect and communicate the presence of water via local audio and visual alarms to the administrators.

All basic device functionality is available from the LCD screen — configure, monitor, locate, and acknowledge leaks from the front panel.

HUB ROOMS

SERVER ROOM

Salient Features:

- The panel equipped with LCD Display can monitor 4 Zones. There is an alternate model which can accommodate 8 Zone. Zone names can be configured
- The panel is equipped with soft membrane keypad for navigation.
- Input to water leak cable is an isolated Ac supply which ensures the cable will not be subject to oxidation and erosion over time avoiding the degradations problems associated with DC system.
- Access the device remotely through BMS via MODBUS protocol.
- 4 X 20 LCD display for zone configuration, status of leaks in different zones along with LED display status for all zone.
- In the event of any abnormal condition or malfunction, it activates an alarm that has to be acknowledges physically to reset the same.

Technical Specifications:

Supply Voltage: 230V AC - 50Hz +/- 10 %

Yellow Green backlit LCD screen LCD Display:

Audible Alarm Buzzer to indicate Leak

Alarm will be indicated on LCD screen and can be seen Visual Alarm

on BMS post integration

RS-485 Modbus Protocol Communication **Event Logging**

Up to 100 Events

0 to 50 Deg C (32 Deg to 122 Deg F) **Working Temperature**

Water leak Cable (Min. Length) 5m (16.6ft)

Water leak Cable (Max. Length) Upto 50 m (164 ft)

Output LED indication

Green LED Power on **Red LED** Alarm **Amber LED** Fault

Sensing Cable: Leader Cable

5 Meters Sensing Cable Length 10,15,20,25 Meters (to be ordered separately)

Custom lengths available on request *

Panel Dimensions: 265mm W X 155 mm H X 80 mm D

Panel Weight: 1.75 Kg Wall Mount Mounting Certifications **CE Certified**
